

Animal Friends

illustrated by
Samit Shrestha

The bird that
crows when the
sun comes up is
called a rooster.

This dog keeps
the home safe
with a loud bark.

Some birds can
take a note.

They will bring it to
you on a scroll.

A bird makes a fun pet.

It can sing and talk.

What a cute nest this
bird has made!

It is made of sticks
and leaves.

The worm digs up the soil and makes it easier for the plants roots to grow.

A camel has a wide foot. That makes it good for riding in the sand.

Bees help plants to
make more seeds.

And we get yummy
honey too.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
