

Beast Feast!

An Unofficial Minecraft Book

Skel woke up
fast from a
deep, deep
dream. A thump
out back had
made him
scream.

Three llamas
stood out on
the land. Did
bread and
steak bring
this loud band?

'Please leave!'
Skel told each
llama beast.
'Zom's crops
are not your
feast!'

The next dawn
came, and Skel
shook his head.
From the path to
the trees, a great
llama sea had
spread!

Zom was set
to feed his
pigs a treat.
'Those llamas,
Skel? Just let
them eat!'

Skel came
back and let
out a scream.
Llamas ate
each crop, was
this a dream?

Zom put a lead
on each llama's
head. He led
them off, and
down the path
the neat line
spread.

Skel stood by
the pond, deep
in a dream. Was
this real peace,
or would the
llamas scream?

The next day,
they all came
to feast. A
great big bunch
of llamas, at
the least!

Skel tried to
scare them
with a shout.
A great storm
of llama spit
shot out!

Zom found
Skel weak, all
wet with spit.
He led him in
where he
could sit.

Things felt bleak,
but Skel would
not quit. He'd
dream up a deal
with the llamas,
and that was it!

Beast Feast!

BOOM, BOOM, BOOM! Who is shaking the walls of Skel's farm at dawn? Three dancing llamas have pranced onto the land, chewing crops, stomping beats, and bringing every llama friend they've ever met along for the party. Skel wants peace. The llamas want a feast. Can a grumpy skeleton and his clever pal Zom outsmart a woolly, honking flood before the whole farm is gobbled up? This decodable reader practices the 'ea' sound in words like 'beast,' 'feast,' 'bread,' and

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
