Dot Can!

Have you ever had a dream so big it made your feathers shake? Dot wants to fly more than anything - to zoom through the sky, loop-the-loop, and wave to cheering fans below. But Dot's wings are tiny, and the other birds say birds like Dot don't fly. Could a pile of cardboard, a hammer, and one very big idea change everything? This decodable reader practices VC/CVC short vowels through words like 'Dot,' 'can,' 'hit,' 'got,' and 'ran.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
