

HERE AND THERE

I have a toy bike.

My dad can ride a
big bike all by himself.
He is off to work. I
wish that I could ride
a bike and go to
work with him.

This is a scooter.

A scooter can go much faster than a bike.

There is a car on the road as well. The scooter can catch up to the car.

I cannot wait until I
am old enough to
drive a car. I will be
able to go where I
want to. What is that
next to me?

A bus with a green
pigment.

Here I am driving the bus!

A bus can move a lot of people. There are some roadworks happening. I see a digger as I drive past.

I drive the digger off the
road and across the field.

I want to get to where the
land meets the sea. A man
on a jet ski comments on
how he would like to drive a
digger.

We swap!

The man has a ride on the digger while I have a go on the jet ski. The jet ski is super fast. I will use it to get to that boat.

I give a lady payment
to borrow her boat.

I plan to drive the
boat over to the big
ship that is out at sea.
I steer the boat
through the waves.

I got to the big ship!

This is where Dad works. It is just a figment of my imagination, but I made it all the way there!

I went on so many kinds
of transport to get from
home to my Dad's work!
Which kind did you like
the best?

S2

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
