Hold On, Dad!

Dad pedals off to work every morning, and tonight feels a MILLION hours away - so what's a determined girl to do? Grab a scooter, of course! And then a car, a bus, a digger, a jet ski... Can one bold kid really chase her dad all the way across the ocean, swapping vehicles as she goes? Buckle up for a wild, wind-in-your-hair adventure! This decodable reader practices VCC/CVCC patterns in words like 'fast,' 'held,' 'next,' and 'went.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
