

THE BEES WANT THEM BACK!

NED
AND THE
MAGIC
BOOK

An Unofficial Minecraft Series |
Ned and the Magic Book

Ned looks at
his shed and
hangs his head.
'Off to the
beach!' Book
says to Ned.

Ned went
east with his
spade in hand.
Book said,
'Find blue clay
on the sand!'

Ned struck
blue clay that
lay in reach.
'Dig it fast!' the
Book starts to
preach.

Blue balls
popped up,
small and clean.
Ned scooped
each one, quick
and keen!

Ned set one ball
where flames
did gleam. Out
came a red
brick in the
steam!

The Book
spread wide, a
pot to see.
'Make it with
bricks!' said the
Book with glee.

Ned made two
clay pots, both
neat and small.
'Now I need
blooms,' he said,
'lots for them all!'

Real blooms
spread out in
each bright spot.
Ned reached
down and
grabbed a lot.

A swarm of
mad bees
buzzed in a
streak. Ned
ran fast, his
legs felt weak!

Ned stood by
the shed, safe
from the threat.
He wiped his
head, all damp
with sweat.

Ned stepped
back with Book
to see his feat.
The pots of
blooms looked
bright and neat.

The shed
looked great,
no longer bleak.
'A real home
next!' said Ned
with a squeak.

The Bees Want Them Back!

Ned's shed looks a bit blah - can a trip to the beach really fix that? With his trusty floating Book leading the way, Ned digs up strange blue clay, bakes bricks by the flames, and shapes little pots for flowers. But when he grabs a fistful of blooms, a furry, stripey storm cloud of very angry bees rises up. Will Ned ever get his flowers? This decodable reader practices the ea phonogram in words like 'beach,' 'dream,' 'reach,' and 'squeak.'

Learn to read with confidence

The Bookbot app and its carefully designed decodable books help children practise the sounds and words they are learning, building strong phonics and reading skills one step at a time. In the app, children can listen to stories read aloud, follow highlighted words as they are spoken, and read independently when they are ready. Together, the decodable books and oral reading support help develop accuracy, fluency, confidence and a love of reading. Learn more at www.bookbotkids.com.
