

The Cat

Has Kit gotten out of the house again? I will look by the gate to see if she is on the footpath. Maybe she went for a walk.

Oh, Kit must not have come out here.

I thought I heard her meow?
Where could Kit be? Is she in a
good hiding spot?

I see her sleeping on top of this big, blue pot all of the time, but not today. How odd.

Is she being sneaky, like a tiger?

She is not behind the pot. Now I am starting to freak out. Kit is not in any of her main spots.

Where could she be?

I walk to the back of the house and search a bush.
Maybe she hid in there.

It is no use. She is not there
either.

I hear a meow!

I go to the front of the house.
No, not here? My cat radar is
really off today. I cannot spot
her at all.

Maybe she is back inside. I head to my bedroom and look under my cupboard.

She is small enough to fit, but she is not there.

I get a stool and stand on top of it so that I can see up high. No, Kit is not even on top of the cupboard.

I am having no luck today.

I look on my bookshelf and
around my toys. Sometimes
Kit will sit there, but not
very often.

I am really worried now.

Maybe I should look
under my bed.

Kit loves to sleep there. It
is warm and safe. I
crouch down so that I
can have a look.

She is not under there. Maybe my cat radar is broken? I am all out of places that she might be.

I will have to call Mum for help.

Wait! There is a bump under the blanket!

I lift up a side and see Kit in there. She must have been in there the whole time. I am so glad that I have found her.

S3

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
