

THE

INTERNET

written by
BEL RICHARDSON

illustrated by
DELWYN REMEDIOS

The internet goes all over the world.

We use it for all parts of life. There are a lot of fun things to do on the internet, but we use it for work as well.

The internet is full of sites.
Some sites just have text.
Some have games, songs
and things that we can
watch.

She will teach her class how to use the internet. It is a skill that they will need.

The internet might seem a bit much at first, but you can learn how to use it in a safe way.

You can use the internet to
send mail. It gets to people
so fast!

We can get tasks done
with speed and ease on
the internet.

We can use it high
and low to share cool
things that we do.

We can have fun with
friends and keep fit.

It is a great tool for
bright minds that want
to learn facts.

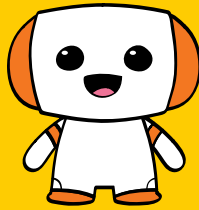

The internet can help us
to talk to each other
day and night.

We can use the internet to do great things for the world.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
