

THE NEST

written by
BEL RICHARDSON

illustrated by
SHAILJA JAIN CHOUGULE

The bird has a nest.

It sits on the nest.

It has not fed.

The bird has left
the nest.

A painting of a forest scene. In the upper left, a small brown dog with large white eyes stands on a patch of green grass. To its right is a large, dark brown tree trunk. The ground is covered in green grass, brown rocks, and small green plants. In the foreground, a large, light-colored rock is partially covered by several large green leaves and small green plants. The overall style is painterly and whimsical.

A dog!

The dog gets to the nest.

The bird is sad.

A chick!

Can the dog help?

The dog ran off!

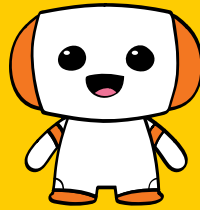

The bird is back.

The bird can help
her chicks.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
