

Illustrated by
Thiloka Kariyapperuma

Vines

A vine is a long
plant.

It can go up or
to the side.

A vine can hold
food as it gets big.

We can plant a vine
by a home. It will grip
on.

A vine can grip as it
goes up and up!

The bits that curl help
it to hold on.

A vine can tuck in
small spots.

It can get big!

It can have food that
puffs up in the soil.

It can take over the
land.

Vines can do a lot.

Bookbot books are free, high quality decodable readers based on the order of sounds introduced by the **Bookbot Scope & Sequence**.

We're delighted to offer them to you to download and print at no cost. But it would be great if you could link to our page **www.bookbotkids.com/free-books** from your school's website so others can enjoy our free books.

We believe in creating an extensive library of decodable readers to inspire and bring confidence to children learning to read. You can find out about our mission at **www.bookbotkids.com**.
